Professional Experience

Analytics Intern   02/2022 – present
Bajaj Allianz Life Insurance Company

I currently operate as an intern in the Analytics department at the Pune Head Office. I mostly use the R language and Oracle PL/SQL to gain insights into data, work on upcoming policies and maintain and extend functionalities of old codebases.

App and Web Development Intern   08/2020 – 04/2021
Arcatron Mobility

Main duties involved working as a Flutter developer to create applications for the organization's internal use. The work carried out involved extensive use of Google's Firebase products, such as their cloud database, and Flutter for front end applications and website development.
Over the course of the internship, two mobile applications and one web-application were deployed for use by the company

Organisations

Google Developer Student Clubs   08/2020 – 07/2021
Chapter Founder and Lead

Founded the college chapter of Google Developer Student Clubs, which are university based programs for students interested in Google's developer technologies. Managed a team of 30 people in different domains. Hosted over 7 events with 300+ total participants

Computer Society of India, VIIT Chapter   08/2020 – 06/2021
Technical Head

In-charge of planning and conducting multiple technical sessions in our college. Designed the syllabus and taught at multiple technical workshops.

IoT Forum, VIIT   07/2020 – 06/2021
Technical Head

In-charge of assigning and working on multiple IoT-related projects. Designed the syllabus and taught at multiple technical events.

CyberCell, VIIT   07/2020 – 06/2021
Core Committee Member

Worked in a team in-charge of handling logistics and managing the club's activities and workshops.
